

Create Great Experiences with Mi9 Retail

In store. Online. Everywhere.

Integrated Omni-Channel Suite

Create great online experiences with integrated solutions for end-to-end omni-channel retail operations including merchandise management, point of sale, customer engagement, clienteling, order management, and e-commerce.

Highly-Configurable Solutions

We developed our software to incorporate best practices of retailers across a broad range of verticals. Retailers can use our software without needing extensive customizations, which results in a lower total cost of ownership.

Cloud-Based Architecture

By being in the cloud, you have a secure, scalable, access-controlled, browser-based, single point of view that is deployable anywhere, at any time, with little or no additional infrastructure costs.

International Expertise

Our multi-lingual, multi-currency, and multi-tax capabilities make Mi9 Retail solutions configurable on both a local and international level.

We're committed to making retail great – for our customers, their customers, and our own employees.

At Mi9 Retail, we believe that great retail experiences take place when optimized product planning and inventory management intersect perfectly with skillful customer engagement and point-of-purchase execution. The results are better revenue and margin performance, greater customer engagement and value, and a more satisfied, loyal workforce.

Mi9 Retail offers a complete suite of solutions that include merchandise management, point of sale, customer engagement, clienteling, order management, and e-commerce – all connected to a common analytics framework. We build our software on state-of-the-art technology that protects our customers' investments and delivers a measurable ROI. Our software runs on the latest cloud platform so it's fast, scalable, reliable, and secure. We invest in the rigor and discipline of sound product development processes so that our software is easy to upgrade and maintain, ensuring that no customer is ever left behind.

It takes great people to build and deliver great software and we're proud of our employees, many of whom have built their careers in retail and retail systems. They are fueled by their passion for our products, our customers' success, and by their everyday efforts to transform the retail industry for the better.

Mi9 Retail Ranks Number #1 Vendor for Tier 1 Retailers

The annual Software LeaderBoard, published by RIS News, is one of the industry's most influential guides for retailers searching for the top retail technology software firms. This year's survey compiled votes from 295 retailers who work with 71 different technology vendors. In addition to being named second overall among retail technology providers, Mi9 Retail

ranked among the Top 10 in 31 different categories in this year's study.

OMNI-CHANNEL COMMERCE SUITE

Customer Engagement – convert market demand into high value customer interactions online and in brick-and-mortar stores with integrated CRM and clienteling

Merchandise Management – manage the end-to-end inventory lifecycle from planning, to buying, to pricing and selling with full-featured retail ERP

e-Commerce – engage customers online with a full-featured platform for D2C and B2B e-commerce

Point of Sale – enhance the customer experience with a device-agnostic mobile store platform for POS, clienteling, and inventory management

Order Management – enable seamless inventory visibility and optimal fulfillment performance across channels

Analytics – convert action to insight with role-based dashboards and actionable analytics
