

Sell The Way Your Customers Buy with Mi9 Retail

In store. Online. Everywhere.

Unified Retail Suite

Sell the way your customers buy with a modern, end-to-end integrated platform of retail solutions including merchandise management, point of sale, customer engagement, clienteling, order management, e-commerce, and demand management.

Highly-Configurable Solutions

We developed our software to incorporate best practices of retailers across a broad range of verticals including hardlines, apparel, footwear, jewelry, luxury, specialty, and more. Retailers can use our software without needing extensive customizations, which results in a lower total cost of ownership and fast time to value.

Cloud-Based Architecture

By being in the cloud, you have a secure, scalable, access-controlled, browser-based, single point of view that is deployable anywhere, at any time, with little or no additional infrastructure costs.

International Expertise

Our multi-lingual, multi-currency, and multi-tax capabilities make Mi9 Retail solutions configurable on both a local and international level.

We're committed to making retail great – for our customers, their customers, and our own employees.

At Mi9 Retail, we believe that great retail experiences take place when optimized product planning and inventory management intersect perfectly with skillful customer engagement and point-of-purchase execution. The results are better revenue and margin performance, greater customer engagement and value, and a more satisfied, loyal workforce.

100% focused on retail, Mi9 Retail offers a complete suite of solutions that include merchandise management, point of sale, customer engagement, clienteling, order management, e-commerce, and demand management – all connected to a common analytics framework. We build our software on state-of-the-art technology that protects our customers' investments and delivers a measurable ROI. Our software runs on the latest cloud platform so it's fast, scalable, reliable, and secure. We invest in the rigor and discipline of sound product development processes so that our software is easy to upgrade and maintain, ensuring that no customer is ever left behind.

It takes great people to build and deliver great software and we're proud of our employees, many of whom have built their careers in retail and retail systems. They are fueled by their passion for our products, our customers' success, and by their everyday efforts to transform the retail industry for the better.

Mi9 Retail Ranks Number #1 Vendor in Retail Concentration

The annual Software LeaderBoard published by RIS News is one of the industry's most influential guides for

retailers searching for the top retail technology software firms. This year's report is the result of 629 evaluations submitted by 327 retailers who work with the 46 technology vendors identified in the report. Mi9 Retail ranked **number 1 vendor** in retail concentration, a sign of our commitment to providing a complete suite of software solutions to retailers.

UNIFIED COMMERCE SUITE

Customer Engagement and Store – a complete customer engagement and selling solution including mobile POS, clienteling, unified OMS, and online engagement tools.

Merchandise Management – a robust merchandising system to manage supply chain, assortment planning, purchasing, warehousing, OTB, and replenishment.

Digital Commerce – engage customers online with a full-featured platform for D2C and B2B e-commerce

Retail Analytics – an enterprise grade business intelligence solution designed 100% for retailers that offers pre-built dashboards and predictive and actionable analytics right out of the box.

Demand Management – Mi9 Retail acquired JustEnough Software in January 2018. The JustEnough demand planning solutions help companies to forecast their customer demand, plan their assortments, allocations, and inventory, shape their demand, and then execute on those plans.
